SOHAIB SHAHAB

Undergraduate Software Engineer

sohaibshahab11@gmail.com • www.linkedin.com/in/sohaibshahab • +92 330 3253692

Summary

Passionate and dedicated Front-End Developer with a solid foundation in HTML5, CSS3, and Bootstrap5, along with a growing command of JavaScript and SQL Server. Currently pursuing a Bachelor's degree in Software Engineering (4th Semester) from Sir Syed University, and enrolled in a Web Development Bootcamp at Saylani Mass IT Training (SMIT). Skilled in building responsive and visually appealing web interfaces, with a focus on enhancing user experience through design and interactivity. Strong team player with excellent problem-solving, communication, and time management skills. Highly adaptable and detail-oriented, committed to continuous learning and professional growth in web development

Experience

Currently focused on building and refining my front-end development skills through intensive training and self-learning. I have gained practical knowledge of web technologies and best practices in responsive design, user interface development, and code optimization. I am eager to apply these skills in a professional environment and contribute effectively as part of a development team.
